

TECHNICAL DATA SHEET

CMC TYPE	80808
Supporting Base	fleece
Colour	transparent
Weight of adhesive on one side in g/m ²	80 ± 10 %
Adhesive layer thickness in mm	0,130 ± 10 %
Adhesive Properties	
Type of adhesive	acrylate, modified
Adhesive strength in N/25 mm	14
Shearing resistance on steel in hours (1 kg) according to FTM 8	1st side: > 800 2nd side: > 800
Thermal Properties	
Minimum / maximum temperature	- 40 °C to 120 °C
Mechanical Properties	
Tensile strength in N/25 mm	24
Elongation at break in %	3
Other Properties	
Cover	white silicone paper, 65 g/m ²

Storage conditions: cool and dry (15 - 25°C, < 65% rel. humidity)

03/08

Quality guarantee: 12 months
